THE AMTRON® 4YOU FAMILY

NEW

INDIVIDUAL AND HIGH QUALITY DOWN TO THE LAST DETAIL

100% climate neutral

Our new AMTRON® 4You wallbox series covers the whole range of charging at home - from easy to intelligent, with or without app, customised to the individual requirements of the user. In addition to user-friendliness, all wallboxes impress with their high-quality workmanship, sustainable production and innovative design. Replaceable covers in 11 different colors as accessories give the charging station a personal touch.

AMTRON® 4You 100 offers basic functions - for newcomers to e-mobility. AMTRON® 4You 300 enables solar charging without a home energy management system and effective access ontrol. Our premium model AMTRON® 4You 500 impresses with smart solar charging, app control, company car billing and coming home function.
